A LEGACY OF CRAFTSMANSHIP

A LEGACY OF CRAFTSMANSHIP

From the subterranean basement of a poolroom in Stoughton, Wisconsin to the modern, state-of-the-art facility now located in Middleton, Wisconsin—we’ve come a long way since 1965; yet much has stayed the same. We still make 100% of our legendary Viking cues right here in our Midwest home—and we’re more dedicated than ever to making the best cues you can buy. Our unrelenting commitment to craftsmanship results in the unmatched quality you can see and feel in every one of our legendary handmade cues.

ANATOMY OF A VIKING CUE

JOINT AND PINS

Designed, tested and machine cut on our state-of-the-art CNC lathes, every one of our joints is made for dead-on accuracy, every time.

VIKING STAINS

Viking offers 15 vibrant colors of stain that will enhance the natural grain of the selected maple we use. Each beautiful grain-enhancing stain is carefully hand-applied by a Viking craftsman.

HANDCRAFTED WRAPS

Whether you select our 100% double pressed Irish linen wrap or choose a luxurious leather for your cue, all Viking wraps are professionally applied and will provide flawless performance year after year.

OPTIONS GALORE

Choose from all the exotic woods, stones, stains, shells, and premium pearls we have to offer. Don't forget, you can also choose your tip, taper, and weight on ANY Viking cue.

27-STEP FINISHING PROCESS

Every Viking cue undergoes a meticulous 27-step finishing process and includes the application of many layers of Viking UV finish which, between coats, is painstakingly sanded by hand to give our cues the "glass-like" appearance that Viking is known for.

PRO TAPER

The taper should fit a player's shooting style and skill level. All Viking cues come with 12"-14" pro taper for natural low-deflecting performance.

VIKING SHAFTS

Born of innovative design, the pure science of wood, and legendary craftsmanship, Viking performance shafts exemplify the meaning of precision and accuracy. The Viking eXactShot®, X2, InViktus, VIKORE®, and the VPRO® shafts are dominating performers.

VIKING QUICK RELEASE

The other guys charge up to \$125 to add a quick release. The Viking Cue Quick Release Joint is standard on all Viking cues and greatly reduces the time and effort required to connect two piece cues.

INDESTRUCTIBLE FERRULE

Exclusively designed, tested and manufactured inside Viking Cue, our indestructible SUPER ferrule exceeds every quality standard with over a quarter million in play and not one cracked ferrule.

VIKING BUMPER

The Viking rubber bumper has a minimalist profile, protects, and "stays put" because it is threaded and will never fall out.

ACHIEVE PERFECT BALANCE

Using the Viking Precision Weight Bolt System, you can achieve perfect balance and fine-tune your cue with our unique, stackable weights. The Viking Precision Weight Bolt System is standard on all Viking cues.

VIKING PERFORMANCE 2020

YOU CAN BE A BETTER PLAYER

We produce **Viking Performance Shafts** that are engineered to increase player confidence and expertise to not only reach their full potential, but perhaps to exceed it. That's why Viking Cue is pleased to offer unrivaled shafts for players of all skill levels and ambitions.

Our relentless challenge to the high-performance shaft status quo remains intact, with new technology, advanced design, legendary craftsmanship, and world-class performance in our **eXactShot®**, **eXactShot X2®**, **InViktus®**, **ViKORE®**, and **V PRO®** shafts.

If you want better performance, we invite you to experience one of our Viking Performance Shafts. Each Viking Cue and shaft is **Made in the USA**, handcrafted right here in Wisconsin and comes with the **Viking Cue Legendary Lifetime Warranty**, including Warpage.

Visit vikingcue.com for more information on all performance options available in 2020.

PERFORMANCE & ACCURACY

The name of the game is performance & accuracy and Viking performance shafts do just that, at a variety of price points that every player can afford. Viking Cue offers a collection of high performance shaft models designed with the sole purpose of offering better options for today's billiard enthusiast. Only the finest materials are hand selected for use in our American-made high performance shafts handcrafted in our world-class production facility in Madison, Wisconsin.

VIKING PERFORMANCE SHAFTS

Unparalleled Performance

At Viking, we know that craftsmanship and performance go hand-in-hand. That explains our obsession with the little things—especially when it comes to creating the game-winning technology that goes into every Viking X2, eXactShot, InViktus and ViKORE performance shaft, as well as the V-Series shafts.

PERFORMANCE SHAFTS

EXACTSHOT® X2 PURE PERFORMANCE SHAFT

Starting at
\$299
MSRP

Upgrade as low as
\$129*
MSRP

US Patent #D674033

High Accuracy Low Deflection Radial Consistency

The eXactShot® X2 Pure Performance Shaft has everything you need combined with everything you want. Get pure responsive power from our maple colored X-Core construction. It is unmatched in performance, low deflection and radial consistency. What does this mean? More accuracy and more shots made. In fact, we feel the shaft is REVOLUTIONARY.

EXACTSHOT® PURE PERFORMANCE SHAFT

Starting at
\$299
MSRP

Upgrade as low as
\$129*
MSRP

US Patent # D674033

High Accuracy Low Deflection Radial Consistency

The eXactShot Pure Performance Shaft offers the same construction and performance as the X2 shaft, but with a black colored core. The black X-Core construction gives you ultra-low deflection, radically enhanced accuracy and transfers more power from the joint to the tip. It's the one thing you can buy today that guarantees you'll shoot more accurately tomorrow.

INVIKTUS PURE PERFORMANCE SHAFT

Starting at
\$279
MSRP

Upgrade as low as
\$99*
MSRP

High Accuracy Low Deflection Radial Consistency

The InViktus Pure Performance Shaft is everything you have been asking for in an American made laminated shaft. Handcrafted from the finest Maple found in North America, the 8 piece construction delivers superior low deflection performance with excellent radial consistency. With its rock solid hit and low vibration, you can be assured you will leave the table victorious.

VIKORE® AMERICAN PERFORMANCE SHAFT

Starting at
\$199
MSRP

Upgrade as low as
\$99*
MSRP

*Priced from included shaft when purchasing a Viking Cue

High Accuracy Low Deflection Radial Consistency

The ViKORE® American Performance Shaft features advanced low deflection and enhanced power from our reactive ViKORE® center. This technology translates into enhanced feel and low vibration. Every ViKORE® shaft is designed to help players take their game to the next level. Players around the country agree, these shafts will help you hit the ball straighter so that you pocket more shots.

V-SERIES SHAFTS

V PRO SHAFT

Starting at
\$129
MSRP

High Accuracy Low Deflection Radial Consistency

The V PRO shaft is our tried and true classic 12" -14" pro taper shaft. Winning in pool halls for over 50 years, this shaft provides sure hits and excellent accuracy at an outstanding value.

V CRUSH SHAFT

Starting at
\$129
MSRP

High Accuracy Low Deflection Radial Consistency

The V CRUSH. The conical taper and reactive phenolic ferrule and tip supply wicked energy transfer resulting in amazing breaks and high-flying jump maneuvers! It comes standard on Viking Crush break cues and the Viking Punch jump cue.

V SPIN SHAFT

Starting at
\$129
MSRP

High Accuracy Low Deflection Radial Consistency

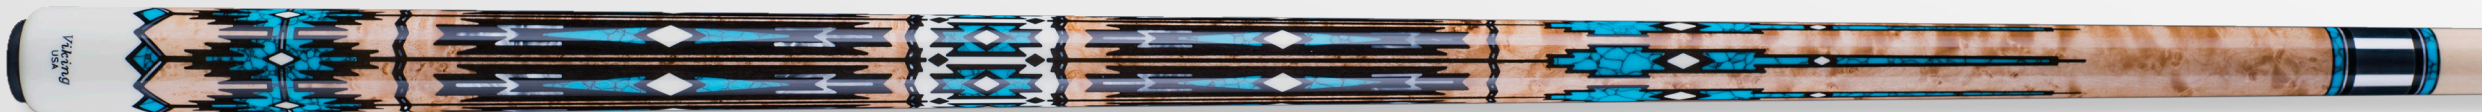

The V SPIN is a reduced diameter conical taper that enables the skilled shooter to achieve greater English on a shot when you need it.

Available to fit the joint styles of almost any cue on the market and ringwork that can be custom matched to virtually any design.

SUPERferrule

After 50 years, we’ve learned that in order to reach the highest level of performance and craftsmanship, you have to control the entire process. That’s why we manufacture 99% of our own parts in house, even developing our own proprietary materials like our indestructible Viking super ferrule. In almost 20 years we have yet to see one crack. If there is an opportunity to do something better, we’ll find it. The quest for perfection is all we know. It’s the Viking way.

At Viking's state-of-the-art facility, we sweat every detail from bumper to tip. From the way we cure our wood, turn our shafts, and assemble our cues all the way up to our 27-step finishing process, you're guaranteed world-class performance. "Good enough" is never good enough at Viking, so we follow the most meticulous quality control in the game. Better craftsmanship means better performance, every time.

WRAP IT UP IN STYLE

If you want to add elegance to your cue, try one of our leather wraps. Our Viking artisans select only the finest leathers available on the market. Soft, classy and hand-installed, our selections of embossed or classic grained leathers are specifically chosen to make your cue feel as great as it looks.

THE ONE. THE ONLY. VIKING.

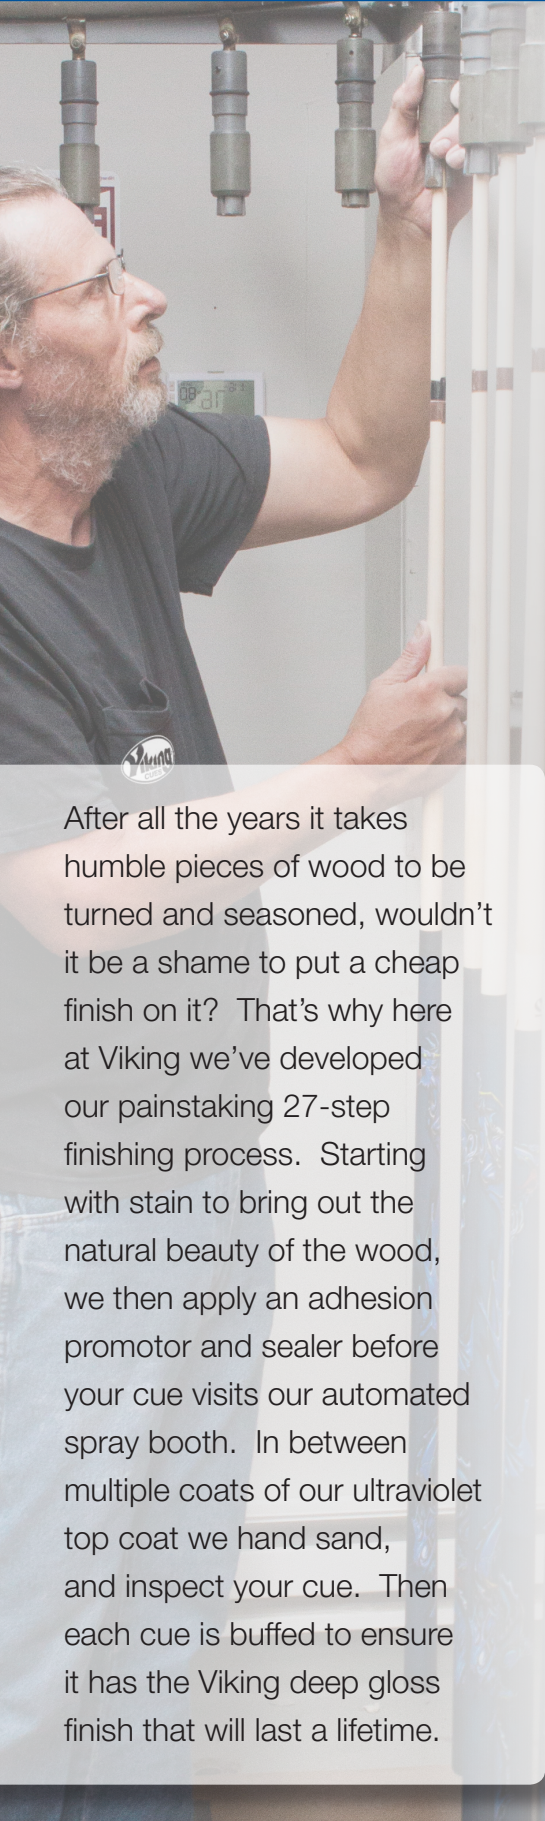

While Viking Cues are designed to elevate your game, they are also meant to capture a unique part of your style. We live and breathe billiards every day, listening to your feedback. Whether it be designing new limited edition SmartShops cues every month or creating cues for our catalog, we are constantly dreaming up new models based on your ideas. Our selection ranges from simple to extravagant while others are so exquisite they're worth framing.

THERE'S NO FINER FINISH

After all the years it takes humble pieces of wood to be turned and seasoned, wouldn't it be a shame to put a cheap finish on it? That's why here at Viking we've developed our painstaking 27-step finishing process. Starting with stain to bring out the natural beauty of the wood, we then apply an adhesion promotor and sealer before your cue visits our automated spray booth. In between multiple coats of our ultraviolet top coat we hand sand, and inspect your cue. Then each cue is buffed to ensure it has the Viking deep gloss finish that will last a lifetime.

For Buying Information
See Page 16

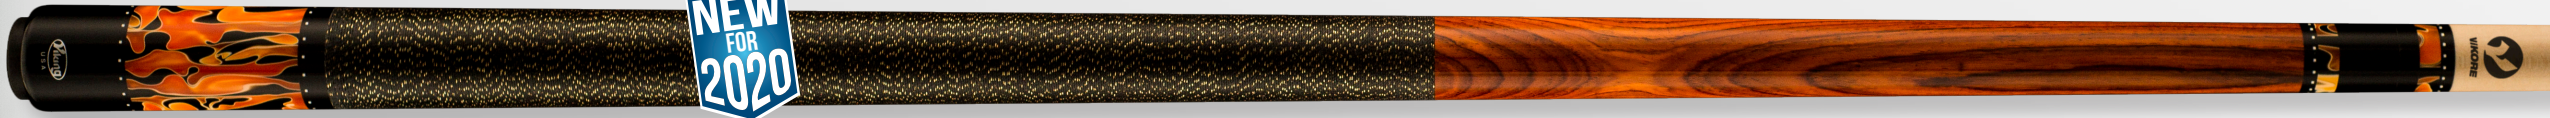

Our goal at Viking has always been to produce not only the most beautiful, but also the highest quality cues available. That's why we've invested in machinery, even going as far as designing our own, to make sure that all of our parts are made in house. We employ talented men and women who have grown with us over decades. We've kept our Viking operations 100% in the USA and take pride in knowing that every cue that leaves our doors takes a part of us with it.

Viking was born in Wisconsin, where the timber industry has played a major role in our history. We have a long history and respect for lumber in this neck of the woods. We've spent countless hours testing and refining our turning and seasoning methods that relieve stress and prevent future cracking or warpage. From local maple to exotic hardwoods, all of our woods are hand selected for their straightness of grain, density, and natural color.

STRAIGHT FOR A LIFETIME

The exceptional hit that Viking Cues are known for didn't happen overnight. Viking's innovative finger joint assembly is yet another feature that sets our cues apart from the rest. Helping to ensure straightness, dimensional stability, and to minimize warpage and twisting by maximizing glue contact surface, your Viking cue will feel stronger, hit straighter, and perform like a single piece of wood. The players who know us know that when you deal with Viking, you're getting a solid hit every time.

Our Viking Quick Release Joint was designed to achieve the perfect balance of accuracy, strength, and speed. All of our joint pins and shaft inserts are installed on state of the art CNC machinery to ensure our joint assembly is dead center for accuracy. We strive for perfection in every part of the process and our Quick Release Joint brings it all together.

NOTHING CONQUERS A VIKING

From the very beginning, we’ve challenged ourselves to do better. In a constant state of evolution, we’ve turned our knowledge and expertise into leading technological advancements that have kept Viking at the top of the industry for decades. From our classic solid maple VPRO and VSpin shafts to our low deflection Vikore and patented eXactShot shafts, all have proven themselves on the table as valuable weapons in a Viking’s arsenal.

EXACTSHOT CUES

EXACTSHOT X2
BY VIKING

In 2012, we introduced the eXactShot Pure Performance Shaft and followed up with the stealth, eXactShot X2 in 2017. Our patented X-Core construction embodies our dedication to innovation in billiards and it was a first for the industry. Both shafts are unmatched in performance, low deflection and radial consistency and are now offered as standard shafts on the EX series cues. What does all that mean? More accuracy, and more shots made.

STANDARD

1.295"

SKINNY

1.205"

Slimmer, leaner and meaner. You asked for the option and here it is. Skinny cues have been working out so you can work the competition. Skinny cues are available on most Viking models as an upgrade. See our website, vikingcue.com for complete details.

The "SKINNY" option on a Viking cue butt measures out about 1.205" (30.6 mm) in diameter compared to the average standard diameter of 1.295" (33 mm). **This may not seem like a big difference, but to the players that prefer the feeling of a smaller grip, the difference is HUGE!**

SKINNY

SPECIAL ORDER ON MOST VIKING MODELS

ANY VIKING.
ANY MODEL.
ANY FIX.

WE DO THAT.

YES, IT'S TRUE.

Since we only repair Vikings, no one else can do it better than we can. We are the top Tip & Ferrule Repair, Shaft Repair, Joint & Butt Repair and Pool Cue Refurbishing & Refinishing Specialists in the USA. Since 1965, we have serviced, repaired and refurbished over 30,000 pool cues. Our team of highly skilled, factory-trained cuemakers is here to assist and serve you every step of the way.

GETTING YOUR VIKING CUE FIXED IS EASY.

1. Go to www.vikingcuerepair.com
2. Fill out the form and print.
3. Pack and ship your cue to us.
4. Relax and let Viking Cue repair your damaged cue.

VIKING CUSTOM CUES

BUILDING YOUR DREAM CUE BEGINS WITH UNDERSTANDING YOUR DREAM

At Viking Cue, we want to build the cue of your dreams. Send us your design ideas or stop out at your local Authorized Viking Dealer for professional assistance on your next custom cue project.

VIKING CUE CUSTOM OPTIONS FOR 2020

At Viking Cue, Custom Means Custom. In fact, we now have more new options and materials than ever before. To that end, knowing what options are available ahead of time can certainly save time and money. Visit your local Viking dealer or go to vikingcue.com for more information and to see all custom cue options available for 2020.

ONE SIZE DOESN'T ALWAYS FIT ALL.

Although all standard Viking Cues are equipped with pro specifications, we understand that certain players have needs and preferences that are unique to their playing style and preference. For those who have greater need we have great news for you! Each element of your new custom Viking cue—from design and cue technology to tip size and everything in between can be ordered to your exact specifications. More importantly, we know the result will be a one-of-a-kind custom Viking cue that will provide a lifetime of performance, playability, and enjoyment.

JUMA, GEMS, & PEARLS

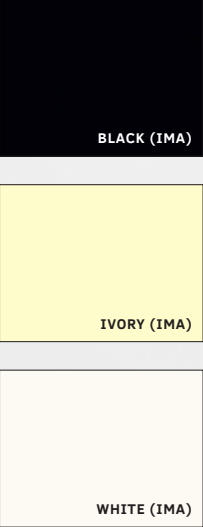

EXOTIC WOOD & STONE

WRAPS / GRIPS

VIKING (IMA)

Viking Impact Modified is a proprietary high-impact modified acrylic resin developed for Viking Cue and characterized by its toughness and high impact resistance.

METAL

*In compliance with the United States' ban on the Genuine Ivory trade, Viking Cue will no longer BUY, SELL, SERVICE or USE Genuine Ivory in any Viking cues. Viking uses a (IMA) Ivory and (IMA) Black, which is a proprietary high-impact modified acrylic resin which was developed for Viking Cue and characterized by its toughness and high impact resistance.

Wood is a natural material, with variances in texture, grain and color within each species. These individual characteristics are part of the charm and beauty of the wood. Whether stained or finished natural, some color variations will exist. For this reason, we cannot guarantee exact color matches.

BRILLIANT COLORS

We know you want to stand out from the rest, so Valhalla consistently brings more spectacular color to the table than the competition. With amazing performance and one of the best warranties in the industry, it is easy to choose Valhalla.

BREAK & JUMP CUES

The BRK2 Break, JMP2 Jump and JMPBRK2 3 Piece Cues are pure performers with attitude—made to intimidate your competition.

HIGH-END FEATURES

Some of our Valhalla Cues have high-end features like leather wraps, premium tips and the Viking Weight Bolt System.

REAL WOODS - KILLER DESIGNS

We understand that looks do matter, and these cues simply look awesome! This is the art of combining Viking-designed graphics with beautiful stains and woods. These beauties are coming to play!

A PREMIUM IMPORT

Valhalla cues are designed and engineered by Viking Cue Artisans. We stay involved in the manufacturing process so that we can ensure the cues are top quality. We know the billiards industry inside out, and we know a good pool stick when we see one. Valhalla cues will help you dominate your opponent and are made to play as good as they look.

UNSURPASSED VALUE

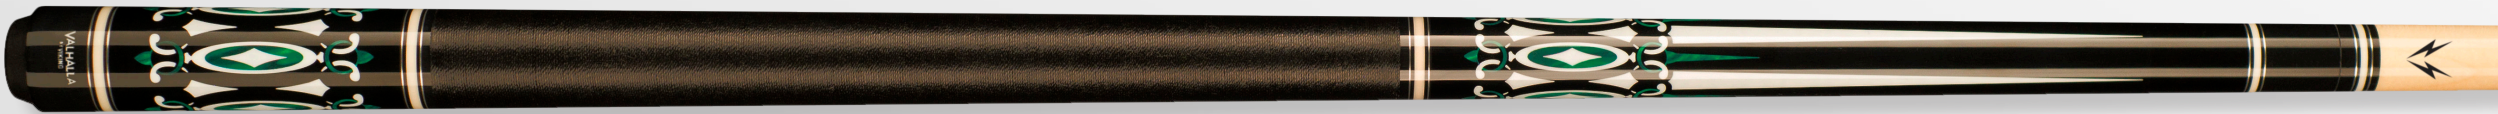

There is no other company in the industry that will stand behind their products quite like we do. No matter the price of the cue, Valhalla or Viking, we offer limited lifetime warranties on every cue we sell. No matter how long you own the cue, or where you may shoot worldwide, play with confidence knowing all of us here at Viking, have your back.

EYE CATCHING

Color. It can attract attention or change your mood. It can help define your personality, even how you play. That's why the Valhalla line-up is one of the most brilliant in the industry. The Valhalla marble paint cues stand out on the table. Every marble painted cue produced has a different look, so go ahead and pick the cue that is as unique as you are.

PLAY POOL IN COLOR

BRILLIANT COLORS

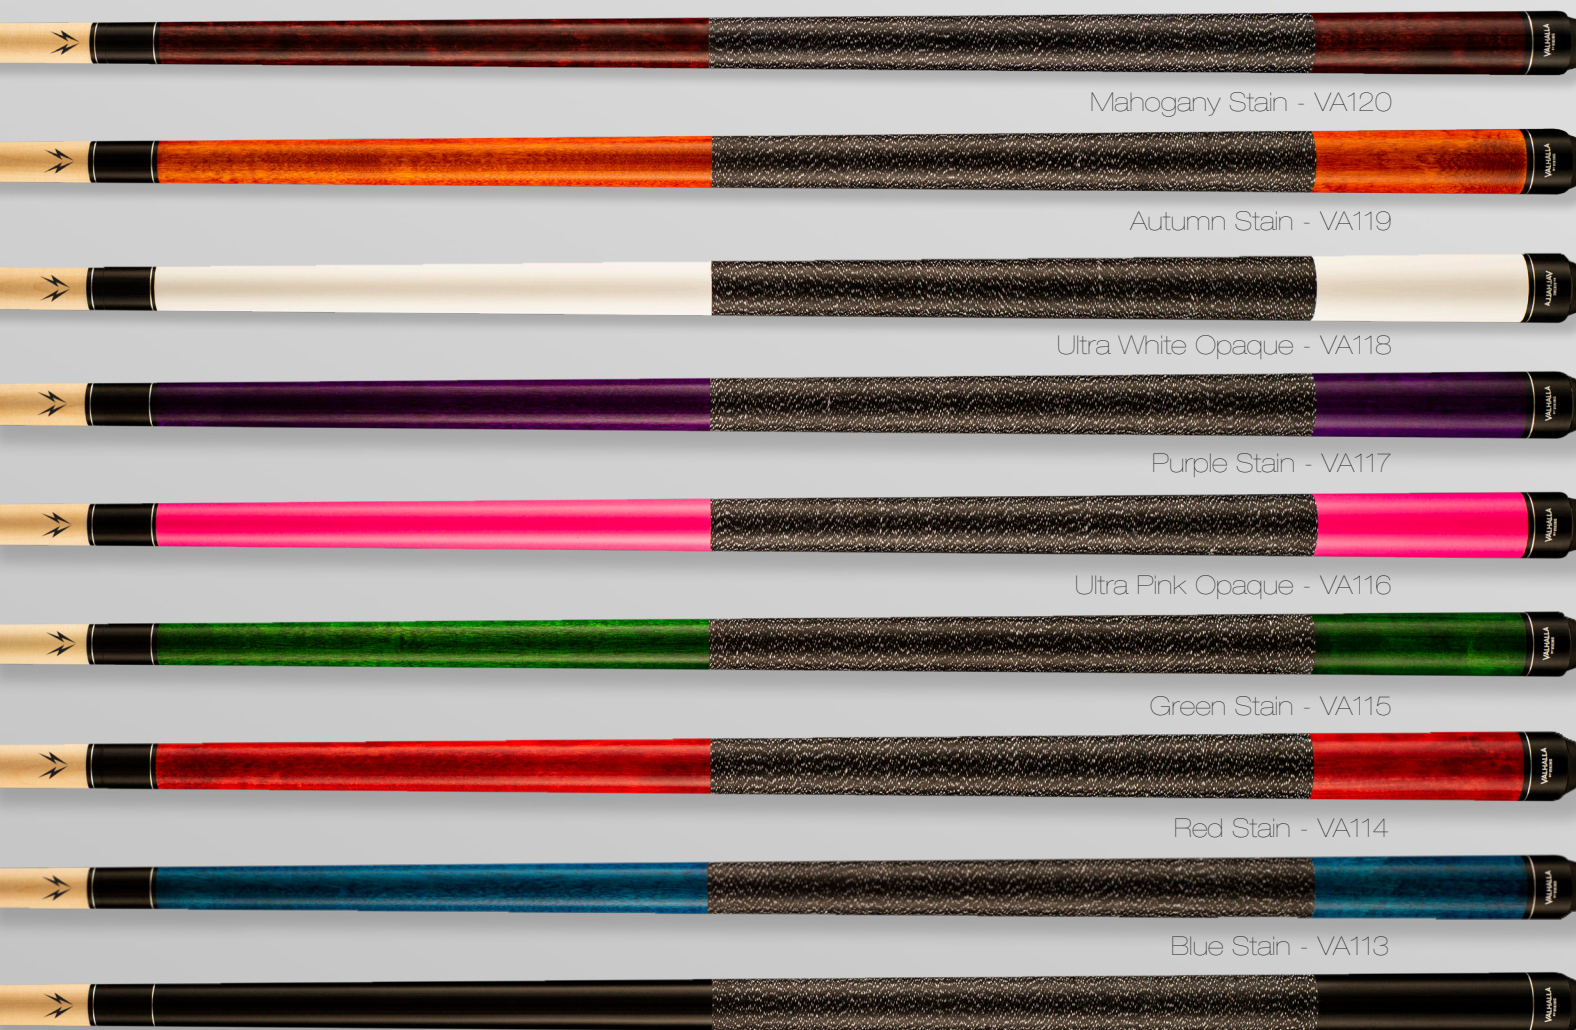

Where else besides Viking can you get a cue for under \$60 with a lifetime warranty? That's a tough find and one that certainly makes Viking's Valhalla line the best value for anyone wanting to improve their game without breaking the bank.

FOR 55 YEARS, VIKING HAS BEEN THE PLAYER'S CHOICE

Since 1965, we've been making exceptional cues, one at a time, right here in Wisconsin. However, with Viking, you also have the option to vary any part of the cue to fit your aesthetic or performance needs—from joint and shaft to ring work and inlays, you can create the look and the feel you want to match your playing style. Talk to our experts about our revolutionary performance shafts, select all the components you want based on the type of the player you are and then finish it off with a laminated tip of your choice. Finally, you will have the Viking Custom Cue that will set you apart from the rest—whether that's in your basement, the local bar, or on the tour.

**AT VIKING CUE, THE ONLY THING THAT ISN'T CUSTOM IS OUR LIFETIME WARRANTY.
IT'S THE SAME WITH EVERY CUE.**
