Where great things come together.

It's no accident we partner with World Champions like Margarita Fefilova Styer and Fedor Gorst to aid product development and promote the QCO brands on the world's largest stage. Rooted in the excellence of Viking, Valhalla, & Triple 60, we are committed to crafting the world's finest, most innovative billiard equipment in the world.

Guided by unmatched integrity and genuine humility, we strive to elevate the game for all players around the world—from World Champions to weekend warriors and everyone in between.

Together, **WE** are QCO, home of...

HUMBLE ORIGINS...
LEGENDARY PERFORMANCE

A LEGACY OF CRAFTSMANSHIP

The year was 1965. “Low Deflection” and “Radial Consistency” were terms that would not find meaning for decades and Carbon Fiber was in its infancy… as was Viking Cues. In the cool, subterranean basement of a pool hall in Stoughton, Wisconsin, the first Vikings came to life. Without fanfare, those first cues paved the way for the development and evolution of Viking Cues for the next 59 years. Although Viking is now located in a state-of-the-art facility in Middleton, Wisconsin –just a few miles from where it all began – we still make 100% of our legendary Viking cues right here in our Midwest home— and we’re more dedicated than ever to making the best cues and performance shafts you can buy. Our unrelenting commitment to craftsmanship results in the unmatched quality you can see and feel in every one of our legendary products.

TACTiQ

Engineered for the details that get overlooked

It started with a simple observation at the table: cues had spent decades evolving through relentless innovation and craftsmanship, while the accessories players relied on every session were treated as an afterthought. Cases that looked good but were lacking features. Extensions that changed the way a cue felt in hand. Grips that gave out under pressure. TACTiQ was built to close that gap. Every case, extension, grip, and future product we make is engineered with purpose—no excess, no filler, just innovation that earns its place alongside the cue it supports. From materials and construction to form and function, each detail is guided by one standard: performance that holds up rack after rack, session after session. We believe your gear should work as hard as you do, protect what matters, and never get in the way of your focus. That's the standard TACTiQ was built to raise, and it's the standard behind everything we make.

TRIPLE SIXTY

Three decades of composite mastery

Whyte Carbon was founded on the shoulders of a legacy that spans three decades in the arena of high-performance sporting composites. The founders and engineers of began their journey developing composite shafts for brands like Callaway, Titleist, and TaylorMade in an industry that was transitioning from wood to steel to carbon fiber. It's history is intertwined with some of the greatest achievements in sports—developing products which have been a trusted part of victories in the Stanley Cup, the PGA Tour, and even the Olympic Games. Today, Whyte Carbon is part of the Triple 60 family of products, headquartered in Middleton, Wisconsin, where the engineers, along with others, continue to innovate and expand into other products to drive improvement for billiards enthusiasts worldwide. Working hand-in-hand with pro players like Fedor Gorst, Moritz Neuhausen, Margarita Fefilova Styer, & Justin Bergman, we've been able to bring radial symmetry, lower deflection, and a level of consistency the billiards world hasn't seen before. It's craftsmanship proven on the world's biggest stages, now built into every product that carries the Triple 60 name.

TRIPLE SIXTY

ONE SHAFT. ANY PIN. SECONDS TO SWAP.

With the patented Triple 60 Interchangeable Adapter System, switching between different joint types has never been easier. Using the included tool, this can be achieved in seconds. It's a fast, simple solution for your shaft that future-proofs your investment if you ever decide to change between cue manufacturers. True innovation for the future.

PREMIUM CARBON SHAFTS: ENGINEERED FOR EXCELLENCE

The carbon shaft line up from Triple Sixty is a culmination of cutting-edge materials and precision engineering. Choose from a classic natural wood grain, sleek pearl white, or stealthy raw black finish—each crafted for both style and substance.

Built with Dual-Core Carbon, Seamless Construction, and Micro-Compression Technology, the shafts deliver unmatched strength, responsiveness, and consistency. A multi-density fill pattern optimizes energy transfer, while our innovative Quick Change Adapter System (on select models) ensures seamless adaptability on the fly.

MAKE IT YOUR OWN WITH OUR CUSTOM PROGRAM

Don't see exactly the spec you want? Not a problem! With the Whyte Carbon Custom Program, gain access to changes in length, balance point, weight, colors, and more. With Whyte Carbon Custom, you don't just play the game—you define it.

BREAK & JUMP · SPECIALTY CUES

TRIPLE SIXTY SATELLITE

14mm
Horo White Storm Pro Tip

Optional 4" Extension

More precise. More control. More powerful than anything that has come before it. Say hello to the all-new Satellite Jump Cue. The Satellite delivers pure precision, engineered for the player who demands the absolute best from every shot. At its core, Satellite is built using a thinner diameter 20" Handle and Weight-Adjustable 8" Extension. The Satellite features a 29-inch strong European taper carbon fiber shaft with Triple 60's proprietary Seamless Construction, delivering controlled jumps and explosive lift. Using the same quick release joints throughout the handle and extension, configure the Satellite exactly how you need it, no matter the shot. Satellite has already proven what it can do when everything is on the line, winning a Major Matchroom Title and WPBA Championship. Now it's ready for you.

VIKING PERFORMANCE SHAFTS

SIEGE CARBON FIBER PURE PERFORMANCE SHAFT

High Accuracy **Low Deflection** **Radial Consistency**

The Carbon Fiber Viking Siege Pure Performance shaft is truly an evolution of materials technology in the billiards industry. Centrifigally constructed and balanced, it is the most accurate and radially consistent shaft that Viking has created in its history. From the joint to the standard Kamui Black Soft** tip, the Viking Siege will make sure you don't take any prisoners at the table. Available in 12.25, 12.5 and 12.75mm diameter.

SIEGE CARBON FIBER PERFORMANCE BREAK SHAFT

High Accuracy **Low Deflection** **Radial Consistency**

The Carbon Fiber Viking Siege Break Shaft provides a balanced, natural feel unmatched in the industry yet still efficiently transferring wicked energy to the cue ball.
The Viking Siege BREAK is available exclusively in 13mm tip size and is available in most common joint styles available in the market.

VIKORE® AMERICAN PERFORMANCE SHAFT

High Accuracy **Low Deflection** **Radial Consistency**

The ViKORE® American Performance Shaft features advanced low deflection, standard Tiger Everest Medium** tip and enhanced power from our reactive ViKORE® center. This technology translates into enhanced feel and low vibration. Every ViKORE® shaft is designed to help players take their game to the next level. Players around the country agree, these shafts will help you hit the ball straighter so that you pocket more shots.

V-SERIES SHAFTS

V CRUSH SHAFT

High Accuracy **Low Deflection** **Radial Consistency**

The V CRUSH. The conical taper and reactive phenolic ferrule and tip supply wicked energy transfer resulting in amazing breaks and high-flying jump maneuvers! It comes standard on Viking Crush break cues and the Viking Punch jump cue.

V PRO SHAFT

High Accuracy **Low Deflection** **Radial Consistency**

The V PRO shaft is our tried and true classic 12" -14" pro taper shaft with a standard Tweeten LePro tip. Winning in pool halls for over 50 years, this shaft provides sure hits and excellent accuracy at an outstanding value.

V SPIN SHAFT

High Accuracy **Low Deflection** **Radial Consistency**

The V SPIN is a reduced diameter conical taper that enables the skilled shooter to achieve greater English on a shot when you need it.

SIGNATURE SERIES

MASTER CUE DESIGNER COLLABORATION

VIKING CUES PARTNERS WITH MASTER CUE MAKERS PAUL F. DREXLER, ANTHONY "TWO-FEATHER" SQUADRONI & ARIEL CARMELI TO BRING YOU A TASTE OF SOMETHING SPECIAL. THESE COLLABORATIONS BRING TOGETHER THE BEST OF BOTH WORLDS - MASTERY DESIGN AND VIKING CUE'S VAST EXOTIC MATERIAL LIBRARY.

PAUL F. DREXLER

A renowned cue builder known for his exceptional craftsmanship and innovative designs. He operates PFD Studios alongside his wife, Ellen, where they create some of the most unique custom pool cues in the world. Paul's journey into cue making began with his early exposure to fine woodworking through his grandfather, a custom cabinet maker from Holland. Despite initially pursuing a career in the finance and tech based industries, Paul found his true calling: Cue Building.

His mantra, "Different by design" reflects his dedication to creating cues that stand out both in performance and aesthetics.

ANTHONY SQUADRONI

Anthony "Two Feather" Squadroni is a distinguished cue designer known for his intricate and culturally rich pieces. His work is deeply inspired by his Native American heritage, reflected by the storytelling and symbolism embedded in his cues. He has collaborated with many top custom cue makers and is currently designing exclusively for Viking Cues. His designs are celebrated for their precision and artistry, making each cue a masterpiece.

Anthony's dedication to his legacy and ability to infuse cultural significance into his designs make his cues truly unique and sought after by collectors & players alike.

ARIEL CARMELI

A master cue builder based in Southern California who has been hand crafting custom pool cues out of his Eastvale shop since 1994. Well known for his meticulous processes & craftsmanship, Carmeli Cues are built by sourcing some of the most beautiful and exotic woods available. Carmeli cues are renowned for their strength and stability. Carmeli cores almost all of his custom cue forearms, ensuring they play as good as they look.

Despite describing his workshop as chaotic, Carmeli consistently produces exceptional playing cues that are highly sought after by billiards enthusiasts.

THE ELEMENT SERIES

LIMITED EDITION

WATER FIRE EARTH AIR

DREXLER FEEL, DESIGN & PLAYABILITY - BY VIKING

Experience the shared passion for superior playability and timeless aesthetic with these limited edition Element Series cues; crafted in-house by Viking Cues in collaboration and to the specifications of master cue maker, Paul F Drexler. Inspired by the four elemental forces: Water, Fire, Earth and Air - these cues embody each Element's raw energy, in its most elegant form.

EXCLUSIVE PFD STUDIO STADARDS

Two Feather Collection

Anthony “Two-Feathers” Squadroni has been designing awe-inspiring cues for nearly 50 years. His early collaborations with other cue designers, including Paul F Drexler, helped shape his unique aesthetic and deepened his passion for the craft. The beginning of his partnership with Viking began when he won a Viking Cue’s design contest in the late 1980’s and his signature style remains instantly recognizable today. Meticulously Crafted with intricate inlays inspired by Native American artistry & heritage, these heirloom-quality cues are a sight to behold. Boasting magnificent detail and color, these limited edition cues embody a legacy of pride and enjoyment to pass from generation to generation.

ARIEL CARMELI & VIKING CUES PRESENT

THE AURORA SERIES

CARMELI DESIGN BACKED BY VIKING: FOR A LIFETIME

Viking and master cue maker Ariel Carmeli return for their second collaboration, introducing the Aurora Series: A collection inspired by nature's most breathtaking light show. Just as the Aurora Borealis paints the night sky in waves of blue, green, and white, each Aurora cue captures a similar luminouse movement through a striking palette of materials: iridescent abalone, rich blue stones, and hand-glued blue, green, and white true maple veneers set into premium Ebony, Curly Maple, and Birdseye Maple

Manufactured to Carmeli's exacting standards and backed by Viking's Lifetime Warranty, the Aurora Series builds on the proven partnership. The result are cues as striking to hold as they are to look at, where every material was chosen to echo the colors and glow of the auroroa itself.

MOTORE

The MOTORE collection of cues is inspired with the Italian word for "Engine". The overriding feeling of power to propel forward with speed and ease. MOTORE delivers upon FAST with aspects of propulsion and forward movement. We utilize intricate inlays and exotic woods to invoke performance that drives your inner speed demon.

HELIX

Master the timeless game of pool with our HELIX series of cues. A Helix is a curved formed by a straight line drawn on a plane where the plane is wrapped around a cylinder. Using this design essence we built our HELIX cues with imagery of twisting objects that defy time and space. Features of spirals, corkscrews, rings, tangled loops and swirling symbols enhanced by rich colors and mirror reflections.

HELIX 604

BRILLIANT COLORS

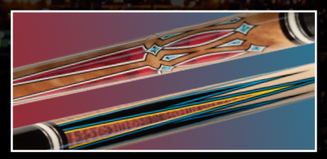
We know you want to stand out from the rest. That's why Valhalla consistently brings more spectacular color to the table than the competition. With amazing performance and head-turning designs, it is easy to choose Valhalla.

BREAK & JUMP CUES

The BRK2 Break, JMP2 Jump, and JMPBRK2 cues are pure performers with attitude. Fitted with a proprietary tip and ferrule and combined with an ergonomic design, these cues play with precision.

HIGH-END FEATURES

Some of our Valhalla Cues have high-end features like leather wraps and premium tips but all Valhalla cues feature the Viking Stackable Weight Bolt System to achieve perfect balance.



REAL WOODS - GREAT DESIGNS

We understand that looks do matter, and these cues are a striking balance of beauty and playability. This is the art of combining Viking-designed graphics with beautiful stains and high quality woods. These beauties are coming to play!

EMERGE VICTORIOUS

F 608.271.5157

For More Than 60 Years, QCO Brands have been the Player's Choice...

We didn't get this good overnight. Since 1965, Viking has made exceptional cues right here in the United States, designed them with striking style, and backed their craftsmanship with the Viking Lifetime Cue Warranty. From the very beginning we've known that your choice to own one of our products is a mark of pride, a pride that you stand above the rest. That mantra inspires us to ensure excellence comes standard in everything we do. Whether sweeping tournaments, dominating the local bar scene or playing the family in your basement, you chose us because you trust our craftsmanship. That trust has taken a lifetime to earn and we don't take it lightly. Because of you we know we are part of something greater.

From the entire QCO Family, ***Thank you.***
