Viking CUES JUNE 2013

VIKING CUEWORKS
PRESENTS:

VIKING BONES

VERY LIMITED EDITION
ONE TIME RUN - PREORDER ONLY
ALL CUES ARE NUMBER ENGRAVED

At Viking Cue, we love having fun, shooting pool and playing games. These Viking hand-crafted originals are designed as a **tribute to the gambler, the competitor, the hustler and the gamer.** Both dice and billiards have had a long history where gambling was a pastime and legends were born. Akin to billiards, materials like ivory, stone and wood and have been used. Why **Viking Bones?** Dice were originally made from the knuckle bones of hoofed animals, giving the term "bones".
